Cloud Computing: Lab Exercise 5

Try out the following Spark-Cloudera tutorials.

1. Using Spark Streaming: `http://www.cloudera.com/documentation/enterprise/5-7-x/topics/spark_streaming.html`

2. Using SQL: `https://www.cloudera.com/documentation/enterprise/5-7-x/topics/spark_sparksql.html`

3. Machine learning tools: `https://www.cloudera.com/documentation/enterprise/5-7-x/topics/spark_mllib.html`

4. Accessing AWS S3 storage: `https://www.cloudera.com/documentation/enterprise/5-7-x/topics/spark_s3.html`

A reminder to terminate your instances at the end of the week.
